

Al 43-lea Congres Național de Gastroenterologie, Hepatologie și Endoscopie Digestivă				
June 27-29, 2024				
Sala Polivalentă, Cluj-Napoca, Romania				
Thursday, 27 iunie - Presymposium course				
	MOLDOVEANU	NEGOIU	CEAHLĂUL	VLĂDEASA
09:00-10:15	<p>Session I: Upper G-I Tract Diseases Chairs: Marcel Tanțau, Mircea Diculescu</p>	<p>Hepatology : GENERAL HEPATOLOGY UPDATE Course directors: Zeno Sparchez, Liana Gheorghe, Bogdan Procopet Session I: Steatotic liver disease: New nomenclature, new perspectives Chairs: Liana Gheorghe, Alexandre Louvet, Dana Crisan</p>	<p>Postgraduate Endoscopy Course: Gastrointestinal Endoscopy in clinical practice Course directors: Adrian Saftoiu, Bogdan Mateescu, Marcel Tantau Session I: Upper GI Tract Chairs: Mariana Jinga, Eugen Dumitru, Cristian Gheorghe</p>	<p>Ultrasound imaging: An essential point-of-care tool for gastroenterologist in addressing specific clinical scenarios Course directors: Ciprian Brisc, Zeno Sparchez, Radu Badea, Ioan Sporea Session I Abdominal ultrasound as a method for a quick diagnosis - part 1 Chairs: Zeno Sparchez, Adrian Saftoiu</p>
09:00-09:15	<p>Esophageal Functional Disorders Chicago classification Alina Dimitriu</p>	<p>The challenges of the MetALD concep Alexandre Louvet</p>	<p>GERD (Gastroesophageal Reflux Disease) and its complications: Endoscopic diagnosis and treatment options Mihai Ciocărlan</p>	<p>Diagnosis of advanced chronic liver disease. US, elastography (Fibroscan, SWE) or both? Monica Lupsor-Platon</p>
09:15-09:30	<p>Best practices for the diagnosis and management of GERD Vasile Drug</p>	<p>Diagnosis, staging and monitoring progression in MASLD: practical application of biomarkers/NITs Roxana Sirli</p>	<p>Gastritis and Gastropathies: Detection, staging and implications for ulcers and gastric cancer Răzvan Iacob</p>	<p>Multiparametric ultrasound in the steatotic liver . One stop shop for a precise assessment? Ioan Sporea</p>
09:30-09:45	<p>Esophageal cancer new guidelines: diagnosis, treatment and follow-up Marcel Tanțau</p>	<p>MASLD patient care pathway in 2024 Liana Gheorghe</p>	<p>Ulcers and Its Complications: Recognition and management of bleeding ulcers, as well as prevention of rebleeding in the context of excessive anticoagulant usage. Cristian Țieranu</p>	<p>Vascular diseases of the liver and evaluation of the portal system. Doppler US, CEUS or other techniques ? Bogdan Procopet</p>
09:45-10:00	<p>Evidence-based for management of individuals with hereditary or familial risk for gastric cancer Alina Boeriu</p>	<p>What should we do in our clinic today - comorbidity perspective Dana Crisan</p>	<p>Two Interactive Case Studies of Foreign Bodies: Real-life case scenarios to identify and manage safely Gabriel Constantinescu, Christian Banciu</p>	<p>Focal liver lesions in different clinical setting .US first but what next ? Roxana Sirli</p>
10:00-10:15	<p>Discussions</p>	<p>Liver transplant for metabolic dysfunction-associated liver cirrhosis Raluca Pais</p>	<p>Discussions</p>	<p>Gallblader masses. A US based algorithm. Alina Popescu</p>
10:15-11:30	<p>Session II: Small Bowel Diseases Chairs: Andrada Seicean, Mariana Jinga</p>	<p>Session II: A clinical overview of autoimmune and cholestatic liver disease Chairs: Alina Popescu, Speranta Iacob, Corina Radu</p>	<p>Session II: Lower GI Tract Chairs: Bogdan Mateescu, Lucian Negreanu Alina Tantau</p>	<p>Session II Abdominal ultrasound as a method for quick diagnosis part 2 Chairs: Roxana Sirli, Ciprian Brisc</p>
10:15-10:30	<p>Evidence-based guidelines for adult patients with celiac disease Mariana Jinga</p>	<p>Cholestatic liver diseases – from pathogenesis to therapeutic options Ulrich Beuers</p>	<p>IBD (Inflammatory Bowel Disease): Endoscopic diagnosis, staging and management of complications Theodor Voiosu</p>	<p>Role of US in front of a patient with jaundice Mirela Danila</p>
10:30-10:45	<p>Best patient care for small bowel bleeding Lucian Negreanu</p>	<p>Current therapeutic strategies in AIH Speranta Iacob</p>	<p>Colorectal Cancer: Screening protocols, detection of polyps, and basic endoscopic polypectomy techniques (EMR). Cristian Tefas</p>	<p>Role of US in front of a patient with splenomegaly Catalina Mihai</p>
10:45-11:00	<p>Algorithm approach to differentiate nonspecific and specific etiologies of chronic terminal ileitis Dan Gheonea</p>	<p>Be aware of autoimmune liver disease triggered by drugs and systemic diseases Gabriela Stefanescu</p>	<p>Obscure and occult GI tract bleeding: When to choose CT (angiography / enterography) and videocapsule endoscopy Lucian Negreanu</p>	<p>Recent onset of ascites. US based algorithm for further management Ioan Tofolean</p>

11:00-11:15	Multidisciplinary team for management of short bowel syndrome Mircea Diculescu	What's new in primary biliary cholangitis? Alina Popescu	Two Interactive Case Studies of Lower GI Bleeding: Endoscopic options: when to do and how to do? Cristina Pojoga, Vlad Iovănescu	Rectal and perianal symptoms. Is it worth to start with US? Romeo Chira
11:15-11:30	Discussions	Current therapeutic strategies in CSP and IgG4 Andrada Seicean	Discussions	Discussions
11:30-12:00	Coffee break			
12:00-13:15	Session III: Colorectal disease Chairs: Cristian Gheorghe, Dan Dumitrașcu	Session III: Liver cancer Chairs: Fabio Piscaglia, Zeno Sparchez, Razvan Iacob	Session III Pancreatico-biliary diseases Chairs: Andrada Seicean, Dan Ionut Gheonea, Adrian Saftoiu	Session III Abdominal ultrasound for quick and precise detection of acute conditions/complications in gastrointestinal and liver disease Chairs: Alina Popescu, Romeo Chira
12:00-12:15	Advanced therapy choices to treat moderate-to-severe IBD Cristian Gheorghe	Rethinking screening of hepatocellular carcinoma Horia Stefanescu	Acute and Chronic Pancreatitis: Advanced endoscopic procedures for the management of complications Andrada Seicean	Role of US techniques in the follow up of patients with acute pancreatitis Zeno Sparchez
12:15-12:30	Colorectal cancer screening for individuals with high risk of CRC development: available evidence for the role of colonoscopy Adrian Goldiș	Hepatocellular carcinoma: molecular perspective and personalized approach Razvan Iacob	Expanding Role of EUS-Guided Fine Needle Aspiration: From Diagnosis to Therapy Bogdan Ungureanu	Diagnosis of infections in patients with liver, biliary and pancreatic disease. Ultrasound always first? Ciprian Brisc
12:30-12:45	Guidelines in practice: colorectal polypectomy Eugen Dumitru	Current management of hepatocellular carcinoma Zeno Sparchez	Pancreatico-Biliary Tumors Therapy: Hybrid endoscopic techniques for diagnosis and palliation Mădălina Ilie	Diagnosis of acute GI conditions (appendicitis, diverticulitis and others). How much can we rely on US? Radu Badea
12:45-13:00	Management of chronic G-I pain in disorders of gut-brain interactions: what is evidence-based? Dan Dumitrașcu	Management particularities in patients with HCC in MASH Fabio Piscaglia	Two Interactive Case Studies of Difficult ERCP Cases: Tips and tricks focusing on technique, interpretation and management. Vasile Șandru, Ioan Cristian Nedelcu	Inflammatory bowel diseases. Follow up and complications detection with US Cristina Tocia
13:00-13:15	Discussions	Advances in the management of intrahepatic cholangiocarcinoma Radu Vidra	Discussions	Discussions
13:15-14:00	Lunch Break			
14:00-15:15	Session IV: Pancreatic and biliary diseases Chairs: Adrian Săftoiu, Alina Tanțău	Session IV Late-stage cirrhosis Chairs: Bogdan Procopet, Anca Trifan, Adriana Cavasi	Session IV: Varia Chairs: Marcel Tantau, Vasile Drug, Mircea Manuc	Session IV Abdominal ultrasound as a reliable method to follow up invasive procedures in gastroenterology Chairs: Radu Badea, Mirela Danila
14:00-14:15	Acute pancreatitis: evidence-based for current clinical approaches Andrada Seicean	What's behind decompensation? Bogdan Procopet	Clips, lines and bands - traction and closure in endoscopies Andrei Voiosu	Role of US as early available method to assess efficacy and complications after biliary drainage or endoscopic stenting Tudor Mocan
14:15-14:30	ESPEN guidelines on clinical nutrition in acute and chronic pancreatitis: apply in daily practice in Romania Alina Tanțău	ACLF – harmonizing definition, prediction, and management Giacomo Zaccherini	Nutritional Support: The role of endoscopy in providing enteral nutrition (e.g., placement of feeding tubes) Bogdan Mișescu	Early follow up of patients with liver tumors after loco-regional treatments Zeno Sparchez
14:30-14:45	Standard of care and new developments in pancreatic adenocarcinoma Adrian Săftoiu	Acute kidney injury in cirrhosis - navigating through the maze Anca Trifan, Cristina Muzica	Emerging Technologies in GI Endoscopy: Latest advancements and their clinical applications Cătălin Sfarti	Modern US technique to follow up patients after TIPS Horia Stefanescu

14:45-15:00	Best clinical practice for the management of acute cholecystitis Cătălin Sfarti	Coagulation disorders in cirrhosis and their management. Irina Girleanu	Two Interactive Case Presentations of Endoscopic Innovations: Challenges in GI endoscopy practice, with expert panelists sharing insights and answering questions. Gheorghita Bălan, Bogdan Cotruță	Role of US and EUS for the management of peripancreatic collections. Friends or foes? Adrian Saftoiu
15:00-15:15	Take home messages Cristian Gheorghe	Hepatic encephalopathy Dan Gheonea	Discussions	Discussions
15:15-15:45	Coffee break			
15:45-16:45	State of Art - Update in IBD 2024-sesiune cu sprijinul AbbVie Moderator: Marcel Tantau Speakeri: Glen Doherty Anca Trifan			
16:45-17:05	Conferință tineri gastroenterologi			
17:05-17:25	Conferința Fodor: În căutarea umanismului pierdut într-o lume indiferentă - Carol Stanciu			
17:25-17:45	Conferința Spârchez			
18:00	Deschiderea festivă			

Al 43-lea Congres Național de Gastroenterologie, Hepatologie și Endoscopie Digestivă						
June 26-29, 2024						
Sala Polivalentă, Cluj-Napoca, Romania						
Friday, 28 June						
	MOLDOVEANU	NEGOIU	CEAHLĂUL	VLĂDEASA	PIATRA CRAIULUI	RODNEI
7:30-8:30	Meet the experts: Marcel Tanțau	Meet the experts: Cristian Gheorghe Tailored colorectal polypectomy in daily practice	Meet the experts: Mircea Diculescu Foxes in the Vineyard - or how we may position new molecules in the treatment of IBD	Meet the experts: Bogdan Procopet		
08:30-10:00	Session I: Psychogastroenterology Chairs: Dan Dumitrascu, Simona Grad, Laurentiu Nedelcu	Session I: Unmet needs in the management of alcohol related liver disease (globally and in Romania) Chairs: Alexandre Louvet, Horia Stefanescu	Session I: Hepato-biliary disorders: How to optimize EUS diagnosis? Chairs: Alina Tantau, Eugen Dumitru, Mihai Ciocarlan	Session I: Chronic pancreatitis : evidence-based guidelines for diagnosis and treatment Chairs: Cristian Gheorghe, Dan Gheonea, Vasile Balaban	Session I: The burden of Cancerul gastric Chairs: Viorel Istrate?	Session I: Ce isi doresc rezidentii de gastroenterologie din Romania? Debates Chairs: Andrei Voiosu, Rares Craciun, Edina Seulean
08:30-08:45	Mechanisms of adherence to exclusion diet in functional dyspepsia Simona Grad	Inequity, discrimination and stigma as barriers in the management of ALD Nicoleta Amarie	EUS diagnosis biliopacreatice Ciocarlan/sau Timisoara	Evidence-based guidelines for the diagnosis of chronic pancreatitis Vasile Balaban		
08:45-09:00	Iberogast in the therapy of the disorders of gut-brain interactions Laurentiu Nedelcu	Screening for ALD and HCC screening in patients with ALD Horia Stefanescu	EUS for issue aquisition Lidia Munteanu	Management of pain in patients with chronic pancreatitis Andrada Seicean	Istrate survillance?	
09:00-09:15	Obesity and IBS : are psychological factors the link? Flaviu Rusu	Treatment of alcoholic hepatitis, including liver transplantation Alexandre Louvet	EUS therapeutic pancreas Madalina Ilie	Chronic pancreatitis and pancreatic cancer risk Dan Gheonea	therapy	
09:15-09:30	Poliphenols, fibres , minerals and psychotherapy in IBS Stefan Popa	Nutrition in ALD and AH Laura Huiban, Anca Trifan	EUS vascular Balan/Miutescu	Exocrine pancreatic insufficiency – what every gastroenterologist need to know Cristian Gheorghe	Alina Boieriu- Tg Mures	
09:30-09:45	Microbiota in the psychiatric pathology Paul J. Porr	Hepatologists’ “Abstinence kit”: from psychological interventions to pharmacotherapy Liana Gheorghe, Speranta Iacob	EUS hepatic ? Timisoara	Take home messages Cristian Gheorghe	videomaraton	
09:45-10:00	Alexithymia in IBS Abdulrahman Ismaiel	Concepts and controversis in alcoholic hepatitis Elma Berliba				
10:00-10:30	Coffee break	Coffee break	Coffee break	Coffee break	Coffee break	Coffee break
10:30-12:00	Session II: Challenges in colono cancer screening Chairs: Manuc Mircea, Cristian Gheorghe	Session II: Debates in liver transplantation Chair: Speranta Iacob, Irina Girleanu, Liana Gheorghe	Session II: Managementul icterelor Chairs: Florin Zaharie, Voiosu Theodor	Session II: Pancreatic tumors: what’s new in management in 2024 Chairs: Adrian Saftoiu, Andrada Seicean, Mariana Jinga, Elena Toader	Session II: Everyday challenge in IBD: case presentation Chairs: Roxana Zaharie, Catalina Mihai, Alina Tantau	Session II: Medical-surgical debates in gastroenterology. Chairs: Nadim Al Hajjar, Zeno Sparchez, Ioan Sporea
10:30-10:45	"Competence" in screening colonoscopy- role of training and monitoring of performance Cristian Gheorghe	Case presentation: Transplant challenges, comorbidities management, and good outcome in a patient with liver cirrhosis and HCC Mihaela Ghioca	When an icter is an emergency?	Palliative endoscopic therapy in pancreatic cancer: instead of surgery Andrada Seicean	Prevention, diagnosis and management of infections in IBD patients. Alina Tantau	Changing paradigms in the treatment of liver abscesses in 2024. Percutaneous approach (Alina Popescu, Tudor Moga) vs surgery (Emil Mois)
10:45-11:00	Standardized report on colonoscopy the best way of quality assurance Bogdan Cotruta	Broadening the criteria and spectrum of donors offered for liver transplantation Speranta Iacob	Endoscopic drainage vs surgery.Pro/Cons	EUS – caz live Cristina Pojoga Medicala III	IBD and Clostridium difficile infection- Roxana Zaharie	Hepatocarcinoma <3 cm in patients with liver cirrhosis: percutaneous ablation (Zeno Sparchez) vs surgery (Nadim Al Hajjar) Florin Graur
11:00-11:15	Lessons from ROCCAS 2 pilot SOUTH-WEST representant UMF Craiova	Optimal strategies in liver transplantation for hepatocellular carcinoma Liana Gheorghe	Prezentare caz live ERCP – Dr. Voicu Mercea Medicala III	Cystic pancreatic lesions – algorithm for diagnosis and therapy Voicu Rednic	IBD and CMV infection Adrian Goldiș	Acute cholecystitis in the serious ill patient:Percutaneous cholecistostomy is easy but what next? Tudor Mocan Cholecistectomy is the standard of care but when to perform it? Florin Graur
11:15 – 11:30	Screening colonoscopy - case presentation representant UMF CLUJ	Simpozion Genesis Pharma		Pancreatic neuroendocrine neoplasms: one stop shop for management Vasile Balaban, Mariana Jinga	Acute severe ulcerative colitis Catalina Mihai, Otilia Gavrilescu	

11:30-11:45	Prezentare caz live – Dr. Cristian Tefas Medicală III	The role of RNAi therapeutics in the management of Acute Hepatic Porphyria Moderator: Prof. dr. Marcel Tantau Acute Hepatic Porphyria (AHP) – Red flag symptoms and diagnostic challenges in AHP, Lucian Negreanu Scientific evidence in the management of Acute Hepatic Porphyria, Adriana Cavasi	Simpozion Gilead - calea spre viitor in tratamentul hepatitei Delta Moderator: Prof. dr. Zeno Sparchez Commitment to patients with liver disease- Christophe Hezode HDV Screening and diagnosis - Anca Trifan HDV Therapeutic Updates - Andrada Seicean Q&A	Role of artificial intelligence for the evaluation of pancreatic neoplasms Cristian Tieranu, Adrian Saftoiu	Management of IBD in pregnancy and postpartum Mihaela Dranga, Cristina Cijevschi	
11:45-12:00	Introducing ROCCAS 3/4-the new regional screening projects in CCR Mircea Manuc	Debating the MELD score role in liver transplant prioritization - Irina Girleanu		Is there a role for microbiota in pancreatic neoplasms: fact or fiction? Elena Toader	Management of IBD after a cancer diagnosis Cristian Tiereanu	
12:00-12:30	Refractory GERD Ronnie Fass	Metabolic concerns following liver transplantation - Raluca Pais	Simpozion Janssen (20 min) Speaker: Bogdan Mateescu Simpozion KRKA (10 min) Actioneaza pentru protectie! Noi tendinte in managementul pacientului cu BRGE Cristina Bura	Simpozion Medochemie Itopride – Dispepsia functionala intre obisnuinta si noutate – Mircea Diculescu Prucalopride in tratamentul constipatiei cronice – Alina Tantau		
12:30-13:00	Radu Tutuianu	Simpozion Gilead Excelenta si inovatie in tratamentul hepatitelor virale C si D Moderator: Marcel Tantau 10 ani de terapie cu Sofosbuvir. Continuum sa ne indeplinim promisiunea - Marcel Tantau Hepatita Delta - o problema majora de sanatate publica - Corina Pop HEPCLUDEX - calea spre viitor in tartaemntul hepatitei Delta - Liana Gheorghe Q&A		Simpozion Alfasigma Viata pacientilor cu sindrom de intestin iritabil Lucian Negreanu		
13:00-14:00	Sedință Societatea de Endoscopie		Lunch Break			
14:00-15:30	Session III: Colonic polyps and early cancer Chiars:Florin Zaharie, Marcel Tantau	Session III: Vascular diseases of the liver (TVP, boala sinusoidala, Budd-Chiari) (eventual cu PREZENTARE VIDEO) Chairs: Bogdan Procopet, Gabriel Becleanu, Oana Nicoara Farcau	Session III: Acute gastrointestinal bleeding and other emergency in endoscopy Chairs: Cristian Gheorghe, Eugen Dumitru , Voicu Mercea	Session III: Simpozioane firme	Session III Opening frontiers for Gastroenterology Chairs: Calin Cipaian, Simona Bataga	Session III: Controversies in GERD Diagnosis and Management Chiars: Vasile Drug
14:00-14:15		Vascular liver diseases: An overview Irina Garleanu	Banding varices - live demo Lidia Munteanu	Simpozion Sanofi Importanta diagnosticarii active si initierii precoce a conduitei terapeutice in MAFLD/pacienti cu comorbiditati metabolice - Liana Gheorghe Optimizarea terapiei in sindromul de intestin iritabil - Dan Dumitrascu	Current and future sustainability traits of digestive endoscopy Ovidiu Fratila	First step in gerd management: lifestyle management
14:15-14:30	It is a malignant polyp? How to think like an expert Silvia Sănduleanu	PSVD - diagnostic criteria and live demonstration of HVPg + TJLB – live demonstration Procopet Bogdan	Powders and gels for hemostasis and their clinical applications Cristian Gheorghe		Whipple’s disease: a rare condition in clinical practice Eugen Tcacuic	Extra-esophageal manifestations and disease compolciation diagnosis testing
14:30-14:45	Risk factors and diagnosis	Budd Chiari syndrome Oana Nicoara-Farcau	Lower bleeding : what is new in 2024 Eugen Dumitru		Clinical nutrition in inflammatory bowel disease Svetlana Turcan	GER management: pharmacologies
14:45-15:00	Endoscopic therapy for polyps: cold or hot snar? ?	Interventional ultrasound - live demo - Zeno Sparchez	Endoscopist and pancreato-biliary emergencies Voicu Mercea	Simpozion Eli Lilly: New era in ulcerative colitis with IL23p19i Chairperson: Cristian Gheorghe	Nonalcoholic fatty liver disease versus metabolic dysfunction- associated steatotic liver disease:prevalence, outcomes and implications of a change in name Angela Peltec	HH -Viroel istrate

15:00-15:15	surgery- F Zaharie or EMR -when? Or malignant polyp-lesion characterisation	Portal vein thrombosis. Mirela Danila	Take home messages : Cristian Gheorghe	Speakers: Simon TRAVIS, Cristian GHEORGHE, Anca TRIFAN, Mircea DICULESCU	Evaluation of pregnant woman with abnormal liver biochemical and function test Liudmila Tofan-Scutaru	endoscopic therapy
15:15-15:30	Evolution of ESD practice and organ preservation over the past decade Marcel Tantau					PPI s non responsive GERD- what s next? Lidia Munteanu
15:30-16:00	Coffee break					
16:00-16:30	Simpozion Mayoly CC - Cancer colorectal Colonoscopia si cancerul colorectal: salvarea vietilor prin detectare timpurie - Bogdan Mateescu Sindromul de intestin iritabil, sau cum sa tragi la tinta legat la ochi - Alina Tantau	Simpozion - Astra Zeneca Redefinind tratamentul cancerului hepatocelular nerezecabil in era imunoterapiei Laura Mazilu	Simpozion Zentiva Soluții terapeutice complementare în gastroenterologie: Molecula cameleonica în afecțiunile gastrointestinale- Marcel Tantau; Impactul perturbării microflorei la adult-Zeno Sparchez 20 min	Simpozion Innergy Eubioza intestinala si rolul sau in abordarea clinica a sindromului de intestin iritabil Liana Gheorghe, Dan Gheonea		
16:30-18:00	Session IV: Helicobacter Pylori Diagnosis and treatment guidelines Chairs: Daniela Matei, Eugen Tcaciuc	Session IV: Liver cirrhosis (Refractory ascites and hydrothorax; infections incl. PBS; sarcopenia/frailty; etc Chairs: Zeno Sparchez, Ioan Sporea, Ciprian Brisc	Session IV: Debates in endoscopy Chairs: Bogdan Mateescu, Lucian Negreanu, Cristian Banciu, Ofelia Mosteanu	Session IV: Riscurile unui pacient aflat la debut de IBD Chairs: Camelia Cojocariu, Tantau Alina, Simona Bataga	Session IV Neurogastroenterology Chairs: Radu Tutuianu, Vasile Drug, Teodora Surdea-Blaga	Session IV: Strategiile optime de îngrijire a pacientului cu RCUH in 2024 Chairs: Anca Trifan, Adrian Goldis, Lucian Negreanu
16:30-16:45	Diagnostic test- Daniela Matei	Refractory ascites: from paracentesis to TIPS. Zeno Sparchez	Experience of a tertiary center in the practice of endoscopic submucosal dissection in North Western Romania Ioana Mândroc 16:30-16:40	Influence of age onset on the prognosis of IBD Simona Bațaga	Artificial intelligence in esophageal manometry Teodora Surdea-Blaga	Introducere Anca Trifan
16:45-17:00	Therapy	PBS and other infections in cirrhosis. Ciprian Brisc	Setting up ESD in an advanced endoscopy center: Always measure your progress Andrei Voiosu 16:40-16:50 Direct measurements of portal pressure gradient in patients with TIPS Irina Dragomir 16:50-17:00	Influence of genetics on the prognosis of IBD Roxana Zaharie	Mistakes in the management of Gastroesophageal Reflux Diseases Anca Dimitriu	Colita acuta severa-ce optiuni avem? Adrian Goldis
17:00-17:15	Probiotics	Pulmonary complications of cirrhosis. Rares Craciun	Efficacy and challenges of endoscopic hepaticogastroanastomosis in malignant biliary obstruction: a retrospective analysis Rares Orzan 17:00-17:10 Safety and efficacy of endoscopic ultrasound guided radiofrequency ablation in pancreatic neuroendocrine tumors: single center case series Voicu Rednic 17:10-17:20	Influence of immunity and the Microbiome on the prognosis of IBD Georgiana Gălca	The role of esophageal high resolution manometry in patients with systemic manifestations of scleroderma; Oana Barboi, Vasile Drug	Alegere intelept!-prima linie de tratament in RCUH Carmen Preda
17:15-17:30	From dyspepsia to gastric cancer Adriana Botezatu, Nicolae Bodrug, Viorel Istrate, Elmira Antoci, Catalina Ursu	Sarcopenia, frailty Cora Pop, Petruta Filip	Systemic therapy is more important than local therapy in the palliation of inoperable perihilar cholangiocarcinoma: results from a single-center randomized control trial (COMBO-RFA) Theodor Voiosu 17:20-17:30	Disease acceptance and psychosocial burden of disease Oana Stoica	Ineffective Esophageal Motility -Up-to-date Ion Bancila	Glonțul de argint-a doua linie de tratament. Monica State
17:30-17:45		Cardiomiopatia cirotica Adriana Cavasi	Endoscopy in heterotopy, acropy and columnar metaplasia of the esophagus Viorel Istrate 17:30-17:40 Cholangitis after plastic stenting of the bile duct: frequent, serious and unpredictable? Anca Sugeac 17:40-17:50	Therapeutic challenges at the onset of IBD Lucian Negreanu	Functional Dyspepsia vs Gastritis Radu Farcas	Moleculele mici-indicații, eficiența și precauțiunile Georgiana Galca Blanariu, Anca Trifan

17:45-18:00			Enhancing colonoscopy procedure quality with artificial intelligence Radu Alexandru Vulpoi 17:50-18:00		IBS-IBD possible relationships Goldis	Adrian	Eu cum aleg: terapie personalizata in RCUH Petruta Filip

Al 43-lea Congres Național de Gastroenterologie, Hepatologie și Endoscopie Digestivă						
June 26-29, 2024						
Sala Polivalentă, Cluj-Napoca, Romania						
Saturday, 29 June						
	MOLDOVEANU	NEGOIU	CEAHLĂUL	VLĂDEASA	PIATRA CRAIULUI	RODNEI
09:00-10:30	Session I: Barrett and cancer Chairs: Lucian Negreanu, Gabirel Constantinescu	Session I: MASLD's multidisciplinary approach - the key to success Chairs: Mircea Grigorescu, Liana Gheorghe, Carmen Fierbinteanu	Session I: ERCP (tehnica, tips and tricks, complicatii) Chairs: Cristian Tefas, Gheorghita Balan, Vasile Sandru, Marcel Tantau	Session I: Cross-talk between gastroenterologist and surgeon for the management of the IBD patient Chairs: Cristian Gheorghe, Oana Stanciulea, Vasile Bintintan	Session I: Managementul obezitatii Chairs Bogdan Mateescu, Catalina Poiana, Bogdan Timar, Catalin Copacescu	Session I: Complicatii in endoscopie cu consecinte de malpraxis Chairs: Mariana Jinga, Mihai Ciocirlan, Cristian Nedelcu, Teodora Pop
09:00-09:15		Re-branding MASLD as a multidisciplinary concept Mircea Grigorescu		When to send the IBD patient to surgery Razvan Iacob	Ce ar trebui să știe GE despre obezitate? Cătălina Poiană	Surrogacy and decision making in GI units: how to achieve the best tailored informed consent procedure Toader Elena
09:15-09:30	Tg Mures	The holy Grail of MASLD therapy: a multidisciplinary perspective Liana Gheorghe		Preoperative and postoperative management of IBD patients Cristian Gheorghe	(DZ si boli de nutritie): Terapii farmacologice pentru obezitate Bogdan Timar	Oradea
09:30-09:45	Cristi Banciu- endoscopic	MASLD phenotypes Carmen Fierbinteanu	Bogan Miutescu	Timing of surgery in Crohn's disease Oana Stanciulea, Iulian Mosteanu, Mihai Eftimie, Irinel Popescu	Tratamentul endoscopic al obezitatii Bogdan Mateescu	Voiosu Theodor
09:45-10:00	Semnificatia clinica si endoscopica a hemiilor hiatale mici Viorel Istrate, Sergiu Ungureanu, Nicolae Bodrug	Obesity - MASLD crosstalk Catalina Poiana	Voicu Mercea	Surgery for strictures in Crohn's disease Vasile Bintintan	Tratamentul chirurgical al obezitatii Catalin Copacescu	
10:00-10:15		Diabetes - MASLD crosstalk Anca Pantea	Simpozion Eli Lilly: Towards Molecular Healing in the Management of UC Chair: Liana Gheorghe Speaker: Yamile Zabana Abdo	Principles of surgery in ulcerative colitis Traian Dumitrascu		
10:15-10:30		Colecistectomia - factor independent de risc pentru MAFLD Monica Acalovschi		The motto for IBD centers and ASPIIR is "patient-first" Isabella Grosu		
10:30-11:00	Coffee break					
11:00-12:30	Session II: Tumorile neuroendocrine digestive la interfața dintre specialități Chairs: Catalina Poiana, Mircea Diclescu, Alina Tantau	Session II: What would you do? Challenging cases in hepatology (PART I) Chairs: Dana Crisan, Ana Maria Singap	Session II: Challenging cases in IBD Chairs:	Session II: Crohn (terapie/complicatii) Chairs: Liana Gheorghe, Dan Gheonea, Eugen Dumitru, Cristina Cijevschi?	Session II: Grupul Roman al Tinerilor Gastroenterologi: Hepatobiliary and pancreatic dilemmas in clinical practice Chairs: Marcel Tantau??, Andrada Seicean, Catalin Sfarti	Session II: Chairs:
11:00-11:15	Clasificarea actuala a NET Catalina Poiana	"How High is Too High? Navigating Unexplained Hypertransaminasemia in Early Pregnancy" Cavasi Adriana	A small molecule for the big challenges in ulcerative colitis - Tofacitinib for the treatment of severe colitis - a case series Maria Mihaela Birliștea 11:00-11:10	Introducing the topic: a challenging clinical scenario Roxana Saizu	Pancreatic biopsy: why? When? How? Bogdan Ungureanu	Simpozion Fujinon Utilitatea PuraStat în controlul rezecțiilor endoscopice largi Marcel Tanțău
11:15-11:30	Endoscopia si ecoendoscopia in diagnosticul NET Alina Tantau		Cholestasis as a predictor for Primary Sclerosing Cholangitis in Ulcerative Colitis patients Matei Madaea 11:10-11:20	It is Crohn's disease? Eugen Dumitru	How to deal with pancreatic stones in 2024? Voicu Rednic	
11:30-11:45	Rolul endocrinologului in evaluarea si tratamentul NET Simona Fica		Factors associated with failure in advanced treatment of inflammatory bowel diseases: results from a prospective cohort study Andrei Marinica 11:20-11:30	Crohn's disease phenotypes and 1st line therapy selection Roxana Zaharie	Biliary pancreatitis and endoscopy: when and how? Bogdan Miutescu	
11:45-12:00			Implications of interleukin-8 mucosal transcript as a predictor of response to Vedolizumab in ulcerative colitis: preliminary results from a prospective study Andreea Daniela Bota 11:30-11:40	What after 1st line failure: go big (biologics) or go small (small oral molecules) in Crohn's disease therapy Liana Gheorghe	Fluid resuscitation and nutrition in acute pancreatitis: when, what and how much? Andrei Dumitru, Cristina Tocia	
12:00-12:15	Case presentations: 1. Caz clinic NEC - Ioana Dinu 2. Caz clinic - Iulia Burcea 3. TBA (Cluj)	Simpozion Dr Reddy's Tratamentul de primă intenție în BRGE moderată și severă Tanțău Vasile Marcel	Impact of ERAP2 RS2248374 on disease risk and clinical response to anti-TNF therapy in Romanian Patients with inflammatory bowel diseases Adelina Mihaela Musa 11:40-11:50 Biological therapy in Crohn's disease: prescribing heterogeneity and a patient-centered approach. A retrospective observational study Raluca Avram 11:50-12:00	Diet and complementary therapy in Crohn's disease Dan Gheonea	Management of pancreatic complications in acute setting: when and how? Gheorghita Balan, Vasile Sandru	

12:15-12:30	Discussions and conclusions Mircea Diculescu		Simpozion Gottlieb Pharmaceuticals Colangita biliara primitiva (CBP) - De la diagnostic la tratament Zeno Sparchez	A closer look at managing extraintestinal manifestations (EIM) Catalina Mihai		
12:30-13:00	Simpozion Novo Nordisk Dan Gheonea, Liana Gheorghe	Simpozion Astra Zeneca (20 min) Managementul sangerarilor majore gastrointestinale la pacientii tratati cu inhibitori de FXa. Cand avem nevoie de antidot? Astra Zeneca Marcel Tantau	Simpozion Mayoly (15 min) SII - sindrom intestin iritabil - Alina Tantau Simpozion Sun Wave Pharma (10 min) Modularea microbiotei in sindromul de intestin iritabil Speaker: Negreanu Lucian			
13:00-14:00	Sedintă Societatea de Gastroenterologie	Lunch Break				
14:00-15:30	Session III: Gastroenterology from child to adult Chairs: Gabriela Stefanescu, Marcel Tantau, pediateru	Session III: Viral hepatitis in 2024: still here Chair: Corina Pop, Ion Rogoveanu, Roxana Sirli	Session III: Multidisciplinary team for the management of solid pancreatic neoplasms Chairs: Andrada Seicean, Adrian Saftoiu, Mihai Rimbas, Gabriel Becheanu	Session III: Oral Presentation - Gastroenterology Chairs:	Session III: Oportunitati si provocari in gastroenterologie Chairs: Vasile Drug, Simona Bataga	Session III: Aging and the gastro-intestinal tract Chairs: Simona Bataga
14:00-14:15	Achalazia in patologia pediatrică” experiența a Sptalului clinic de urgență Cluj Farcau Dorin , Pirvan Alexandru	Global elimination of viral hepatitis - The Arc of a Medical Triumph Corina Pop	Chronic pancreatitis: Chronic pseudotumoral and groove pancreatitis Mihai Rimbas	The role of upper gastrointestinal tract exploration in hereditary colorectal cancers Livia Stefana Dragan 14:00-14:10 Survival study of ischemic colitis: a comparative analysis of conservative and surgical management Irina Dragomir 14:10-14:20	Oportunitati si provocari in educatia in gastroenterologie	Aging and the gut
14:15-14:30	Dubii si perspective in esofagita eozinofilica a copilului Tincu Iulia	A snapshot of hepatitis B in 2024: prevalence, immunization and therapeutic advancement Ion Rogoveanu	Autoimmune pancreatitis Pojoga	Cristina The cotribution of therapeuti education of the patient to the treatment of irritable bowel syndrome (IBS) Elena Gologan 14:20-14:30	Oportunitati si provocari in cercetare in gastroenterologie	Aging and the liver
14:30-14:45	Dificultăți in managementul pacientului de vârstă pediatrică cu boala inflamatorie intestinală Becheanu Cristina	Hepatitis C: the remaining steps on the way of elimination (test, simplify care, and treat) Anca Trifan, Cristina Muzica	Small solid pancreatic lesions How to diagnose Săftoiu	Adrian Proton pump inhibitors in cirrhotic patients: are they a risk factor for spontaneous bacterial peritonitis? Smona Stefania Juncu 14:30-14:40	Oportunitati si provocari in relatia cu industria medicala	Variation of the microbiota in aging
14:45-15:00	How do I treat my Crohn’s disease patients, when nothing approved works Daniela Serban	Recent improvements and the remaining needs in hepatitis delta care Roxana Sirli	ROSE vs MOSE (Rapid vs Macroscopic On-site Evaluation) Gabriel Becheanu	Esophageal PH-impedance testing: tertiary center experience Dragos Mihai Oancea 14:40-14:50 Ultrasound-guided percutaneous interventions in liver abscess management: a 12-year retrospective analysis of efficacy and complications Alina Popescu 14:50-15:00	Oportunitati si provocari in relatia cu institutiile europene	Interventiona for preventing aging of gastro-intestinal system
15:00-15:15	TBA - Tudor Pop	Decrypting puzzles and gaps of hepatitis E Sorina Diaconu	How to treat Emil Mois	Diagnostic and management approach in hilar cholangiocarcinoma Raluca Maria Stanculescu 15:00-15:10 Advancing precision: a comparative study of ultrasound guided biopsy versus contrat enhanced ultrasound guided biopsy in large abdominal tumors Oana Andreea Tomos Dretean 15:10-15:20	Oportunitati si provocari in relatia soc de gastro cu MS	
15:15-15:30				Acute gastrointstinal bleeding: variceal vs nonvariceal bleeding from a tertiary centre Ioana Voicu 15:20-15:30	Oportunitati si provocari in relatia soc de gastro cu casa de asigurari/colegiul medicilor	
15:30-16:00	Coffee break					
16:00-17:30	Session IV: Oral Presentation Chairs: Lidia Munteanu, Catalina Mihai, Ciprian Brisc	Session IV: Challenging cases in adult and pediatric hepatology Chairs: Olga Orasan, Tudor Pop, Razvan Ceban (joined session with SRGHNP)	Session IV: Hepatology Oral Presentation Chairs:	Session IV: Conexiuni intre medicii de familie si gastroenterologie: cand, cum si de ce? Chairs: Daniela Matei, MF, Bodrug Nicolae	Session IV: Preventia cancerului gastric: de la programe europene la practica pe teren Chairs: Cosmin Grad, Aida Puia, Alexandra Corujan	

	16:00-16:10 Evaluarea endoscopica a anatomiei jonctiunii esofagogastrice postfundoplicatie Viorel Istrate	16:00-16:15 Boala Wilson la copil si adolescent: provocari diagnostice si terapeutice Tudor Lucian Pop	16:00-16:15 New insights of using oral Semaglutide versus Dapagliflozin in patients with T2DM and MASLD Emina Stratina 16:00-16:10	16:00-16:15 Evaluation of pregnant woman with abnormal liver biochemical and function test Liudmila Tofan-Scutaru	16:00-16:15 Programul european TOGAS de preventie a cancerului gastric: participarea romaneasca Radu Farcas	
	16:10-16:20 Trends in the incidence of helicobacter pylori in a Transilvania region Simona Bataga 16:20-16:30 Celiac disease, vitamin D and other type 1 diabetes-retrospective study Anea Andreea Boboc	16:15-16:30 Utilizarea testelor genetice în bolile rare hepatice Irina Dijmărescu	16:15-16:30 THE p.H1069Q and NON-p.H1069Q profile in patients with Wilson's disease from the republic of Moldova Veronica Cumpata 16:10-16:20 The role of liver transplantation in the treatment of rare peimary heoatic tumors Razvan Cerban 16:20-16:30	16:15-16:30 Icter	16:15-16:30 Dispensarizarea persoanelor la risc pentru cancerul gastric Aida Puia	
	16:30-16:40 Characteristics of Mallory-Weiss syndrome in a tertiary hospital from the South-East side of Romania Andreea Bugescu Bola 16:40-16:50 Results from the pilot study survey assessing the perceived satisfaction and safety of patients undergoing screening colonoscopy for colorectal cancer in the Regional Pilot Program for colorectal Cancer Screening in Romania (South-Muntenia) Andreea Elena Chifulescu	16:30-16:45 Dificultăți de diagnostic în bolile autoimune hepatice la copil Alina Grama	16:30-16:45 Should triple panel screening for HBV hepatitis become the current best practice Mirela Chitul 16:30-16:40	16:30-16:45 Anemia Aida Puia	16:30-16:45 Date epidemiologice noi despre prevalenta H Pylori Alexandra Corujan	
	16:50-17:00 Hypertriglyceridemia induced acute pancreatitis and its main demographic characteristics- a large cohort study Mihai Radu Pahomeanu 17:00-17:10 ROCCAS II-South-East: steps in advancing colorectal cancer prevention and diagnosis in Romania - Ana Maria Popa	16:45-17:00 Transplantul hepatic in pediatrie Daniela Pacurar	16:45-17:00 The recurrence rate of spontaneous bacterial peritonitis in cirrhotic patients receiving secondary prophylaxis with Norfloxacin Simona Stefania Juncul 16:40-16:50	16:45-17:00 Steatoza hepatica	16:45-17:00 Poate fi endoscopia inlocuita de biomarkeri? Cosmin Grad	
	17:10-17:20 Quality indicators in colonoscopies within ROCCAS II Colorectal cancer screening program, South-East region of Romania Ioana Popescu	17:00-17:15 PBC not responding to Ursodeoxicolic acid Corina Radu	17:00-17:15 Ultrasound-guided Percutaneous Microwave Ablation for Unresectable Solitary-Nodule Hepatocellular Carcinoma Rares Craciun 16:50-17:00 Could hepatic glucocorticosteroid receptors be a prognostic factor in alcohol related hepatitis? Mina Ignat 17:00-17:10		17:00-17:15 Concluzii Dan Dumitrascu	
	17:20-17:30 An overview of non-variceal upper GI-bleeding in a tertiary from the south-east side of Romania Raluca Rafti	17:15-17:30 Immune checkpoint inhibitor-related hepatitis. Mirela Perne, Olga Orasan	17:15-17:30 Comparison between two ultrasound-guided attenuation parameter techniques implemented on different systems from the same manufacturer using controlled attenuation parameter as the reference method for hepatic steatosis assessment Alina Popescu			
17:30 -17:40	17:30-17:40 Prediction models of severity in acute biliary pancreatitis Iulia Ratiu
